

Vote NO On Con Con

A Constitutional Convention (Con Con) will cost as much as \$41 million dollars!

Environment

Hawai'i's Constitution leads the nation in environmental protections. A Constitutional Convention threatens to weaken those rights, at a time when we need them most. I'm voting no on Con Con because there is too much at stake.

Native Hawaiians

We may lose our language protections, our Office of Hawaiian Affairs, but most important, we may lose our gathering rights. Now we must maka'ala, we must protect them. I'm voting no on Con Con.

Do benefits justify the costs?

There are three questions we must ask ourselves: Is our State Constitution broken? Is there a legal problem? Do benefits justify the costs? The answer to all three questions is no. I'm voting no on Con Con.

*All across our community,
we are joining together to
Vote NO on Con Con
(Constitutional Convention)*

Together we will preserve:

- *Native Hawaiian rights*
- *The rights of working families*
- *How our tax money is spent*

We don't need it. We already have a good state constitution. It's not broken and we don't need to fix it.

It costs too much. Some estimate a Con Con will cost as much as \$41 million. That's our money -- money that could be used for our schools, health care, and meals for the elderly.

We could lose our rights.

A Con Con threatens to take away the things that we love about Hawaii. We will endanger rights that we have all worked hard to preserve. For more information go to ***www.hawaiialliance.org***.
