**TO:** All Employees Covered by EUTF Plans in the Bargaining Units Noted Above and Retirees

**FROM:** Barbara Coriell, Administrator 

**SUBJECT:** Important Notes for Rates and Employee Premium Costs for Bargaining Units 2, 3, 4, 5, 6, 7, 8, 13 and All Retirees

As we start Open Enrollment this year there are several items which affect the EUTF rates and employee premium contributions which are still not final. We are including this note to help explain the rate pages which follow:

- 1. Prescription Drug Rates for PPO Plans:** As a result of the EUTF's recent procurement process the prescription drug coverage was awarded to CVS Caremark. However, a protest was filed which required that we halt all implementation work with CVS until the protest is resolved. In the interim we will keep the current drug carriers – informed Rx for the EUTF PPOs and HMSA for the HSTA VB PPOs. Rates for PPO drug coverage were set by the Board using CVS Caremark pricing. These are the rates which are included on the rate pages. We believe these will be the final drug rates for 2012. However, we must advise you that depending on the outcome of the protest / hearing process there is a possibility that the drug rates could rise. This does not affect the Kaiser plans, the Supplemental plans or the HMSA High Deductible Plan.
- 2. Employee Contributions:** The rate pages in this section show an employee and employer contribution share of 50%. This applies to BOTH the premium cost and the EUTF administration charge. We have been advised that Maui and Hawaii counties are

considering different employer contribution percentages. We will post those pages separately when they are confirmed.

- 3. Retiree Premium Contribution:** This only applies to those retirees who pay part or all of the premium cost. This year we combined the retiree contribution worksheet with the rate page. Once you have selected the plans and the type of enrollment (i.e. Dental, Family) write those Total Monthly Contribution amounts from column 3 in column 4 and add up column 4. In the Employer Contribution box find the column for the percent of Employer Contribution that applies to you, and write that amount in the Employer Contribution box. Subtract this from the Total Contribution amount to find the amount of your monthly premium.

We apologize for the delay in providing rate information. We hope this memorandum and the rate pages will provide the cost information you need during Open Enrollment.
