

"DON'T LET WALL STREET OFF THE HOOK!"

Thursday, May 5th

4:30 p.m. - 5:30 p.m.

State Capitol

***Meet by Father Damien Statue**

Join us on the closing day of the Hawaii State Legislature for a sign-waving event organized by the "April 4th Movement."

First, Wall Street crashed the economy then took our hard earned money in bailouts. And now, the big banks and their politicians are saying our State is too poor to afford a future for regular working taxpayers.

Let your voice be heard!

This is NOT Wisconsin! There's no reason why workers and the working poor should have to endure more cuts when corporations and the big banks are pocketing our taxpayer money! The attacks on Hawai'i's public-sector workers and the working poor must come to an end!
